

Program Guidelines

Annual Application Deadline: February 15

Vision

Arts Nova Scotia envisions a thriving and diverse professional arts community celebrated at home and abroad for breaking new ground, ensuring equity and achieving a high level of artistic excellence.

Overview

The Nova Scotia Art Bank encourages the development of artistic excellence, stimulates awareness of, and interest in visual arts and fine craft. This is accomplished through the acquisition, loan, and maintenance of a working collection of contemporary art by Nova Scotian artists. Works are added to the collection annually through the Art Bank Purchase Program.

Eligibility

Professional artists who are Canadian citizens, or landed immigrants who have maintained their primary residence in Nova Scotia for at least 12 months prior to the application deadline.

Professional artist collectives may apply. For the purposes of the Art Bank Purchase program, a collective is defined as a group of (minimum two) artists, the majority of whom reside in Nova Scotia, who share copyright over collaboratively created artworks. A collective may be either a non-profit society or non-profit cooperative registered with the Nova Scotia Registry of Joint Stock Companies or ad-hoc. Ad-hoc collectives will be asked to provide the social insurance number of the signatory applicant who will accept payment.

Nova Scotian Commercial galleries may submit on behalf of a living Nova Scotian artist or artist collective who they represent on regionally-exclusive and contractual basis.

Only one application is accepted per artist or artist collective.

Work must have been **produced within five years** prior to the application deadline.

The determination of professional is determined by the [Status of the Artist Act](#) including but not limited to the following criteria:

- To have peer recognition
- To have a history of public presentation
- To have training appropriate to the artist's chosen discipline (including self-taught and/or apprenticeship training)
- To earn income, fully or in part, from artistic activity
- To demonstrate seriousness of intent and devotion of energy to practicing one's art

Ineligibility

Artists engaged in their initial training (e.g. a Bachelor of Fine Arts degree or an apprenticeship) are not eligible for consideration under this program as the program is intended to support established artists and emerging professional artists. Application Assessment

Applications are reviewed for completeness and eligibility. Following this, a Peer Assessment Committee (PAC) will make purchase recommendations based the following factors:

- the quality of the work as evidenced by the support material provided

Applications are ranked based on merit and works are purchased based on the ranking.

The resume and artist statement help determine eligibility and context and are secondary to the visual works alone.

The program officer facilitates the assessment process but does not participate in the ranking of applications and the funding decisions.

Contents of the applications and proceedings of the meetings are strictly confidential. The decisions of the PACs are final.

Policies and procedures are in place to ensure fairness, and to avoid conflict of interest in the assessment process.

Peer Assessment Committee (PAC)

- PAC members are professional practicing artists of the relevant discipline
- The composition of the PAC is sensitive to regional, gender, age, and cultural differences
- Different PACs are appointed for each competition

Notification of Results

The results of the PAC meetings are communicated to applicants via notification letters sent by Canada Post eight to ten weeks after the deadline date.

Notification letters are sent to all applicants, without exception.

Unsuccessful applicants may resubmit eligible works to the next deadline.

The program officer is available prior to the deadline date to answer questions about eligibility and the application process.
